

<b>101231</b>	<b>Arabic Syntax 2</b>	<b>(3 credit hours)</b>	<b>( prerequisite "101130")</b>
---------------	------------------------	-------------------------	---------------------------------

This course raises the student's level in Arabic syntax, dealing with a number of its issues, including: Accusatives; the object and its provisions and features: syntactic regiments, linguistic specifications, the vocative, warning, encouragement and exclamation styles; the adverbial, unrestricted, concomitate and causative objects; the circumstantial, exceptive, conditional, and number qualifiers. This is all corroborated with selected applications of Arabic grammar.
