

CIRRICULUM VITAE

PERSONAL INFORMATION:

NAME	IBRAHIM YOUSEF SHILBAYEH
DATE OF BIRTH	JUNE 1954
PLACE OF BIRTH	NABLUS
NATIONALITY	JORDANIAN
ADDRESS	SALT-JORDAN
MOBILE NO.	0795526399

QUALIFICATION:

1. SECONDARY SCHOOL (1973-1974)
2. MEDICAL DOCTOR (MOSCOW 1984)
3. CERTIFICATE (INTERSHIP MOSCOW 1985)
4. CIRTIFICATE IN ANAESTHESIA & INTENSIVE CARE FOR 2YEARS (MOSCOW 1987)
5. PH.D.IN ANAESTHESIA & INTENSIVE CARE FOR 3 YEARS (1990)

MEMBERSHIP:

1. JORDAN MEDICAL ASSOCATION
2. JORDAN ANAESTHESIA SOCCIETY

PRESENT OCCUPATION:

SPECIALIST IN ANAESTHESIA &ICU.
AL-HUSSIEN AL-SALT HOSPITAL

PROFESSIONAL & ACADEMIC POSITION:

DATE	POST	LOCATION
1984	INTERNSHIP	MOSCOW (FRIENDSHIP UNIVERSITY)
1985-1987	CIRTFICATE IN ANAESTHESIA &ICU	MOSCOW (FRIENDSHIP UNIVERSITY)
1987-1990	PH.D IN ANAESTHESIA &ICU (LETTER)	SCIENTIFIC INSTITUTE FOR ADVANTIGES &STUDIES
1990-1992	TEACHING ASSISTANT	SANAA UNIVERITY IN SANAA
1990-1992	CONSULTANT IN ANAESTHESIA &ICU	AL-THAWRA HOSPITAL – SANAA
1992-1995	CONSULTANT IN ANAESTHESIA &ICU	JORDAN UNIVERTY HOSPITAL
1996-1999	CONSULTANT IN ANAESTHESIA &ICU	AL-QUDS HOSPITAL AMMAN-JORDAN
1999-2005	CONSULTANT IN ANAESTHESIA &ICU	AL-HAYAT GENERAL HOSPITAL AMMAN-JORDAN
2005-2009	HEAD AND CONSULTANT OF ANAESTHESIA &ICU DEPARTMENT	KING FAISAL HOSPITAL AL-TAEF – KAS
2009-2019	HEAD AND CONSULTANT OF ANAESTHESIA &ICU	*HAMZA HOSPITAL AMMAN-JORDAN *AL-HUSSEIN HOSPITAL AL-SALT –JORDAN *MOH
2019-UNTIL NOW	*CONSULTANT OF ANAESTHESIA *co-professor for anesthesia major	4DAYS WEAKLY IN *MOH *AL-HUSSEIN HOSPITAL *al-Balqa Applied university

PROFESSIONAL EXPERIENCE:

I have been working in department of anaesthesia &ICU at Botkin hospital in Moscow since 1987-1990.

During this period I acquired a good deal of experience in relation to anaesthesia and ICU and medical scientific research.

THE TITLE OF PH.D RESEARCH WAS:

Intermittent high frequency ventilation in post-operative patients

- I have been involved in anaesthesia patients under-going major and minor operations in general surgery orthopedics, neurosurgery, thoracic, obstetrics, regional, pediatrics, accident and emergency and burn
- Moreover, as a specialist in charge in the ICU, I have a good experience in most manipulations involved in this unit including:
 - CVP, SWAN GENT, Arterial line catheteriaration
 - Insertion of epidural, Interapleural catheter , Inter costal block
 - Ventilation and Management of different critical cases

PH.D. RESEARCH 1987-1990:

TITLE:" Intermittent H.F.V. postoperative patients "

The research was done in two steps:

First step as experiment on the model lungs (Ls 800)

Second step on the clinical bases :

- On patients and healthy lungs
- On patients and different pathology on the lungs
Number of patient 100 pt.

PAPER AND STUDIES:

1. The key points of the presentation "intermittent H.F.J.V in post-operative patients" 3D PAN ARAB congress in anaesthesia and intensive care, 4-7 Oct 1989 in TUNIS.
2. Particularities of Intermittent high frequency ventilation "IN THE BOOK" high frequency in anesthesiology and intensive care, MOSCOW 1989.
3. "Intermittent high frequency ventilation in clinic and experiment" JORNAL "Anesthesiology and Reantimatology" USSR 1990.
4. Hemodynamics changes during intermittent high frequency ventilation in patient with a cure respiratory failure , JORNAL , "Anesthesiology and Reantimatology" USSR 1990.
5. Differential approach for the usage f intermittent and continuous high frequency jet ventilation; 8th EUROPEAN COURSES OF ANESTHESIOLOGISTS, WARSAW 1990
6. High frequency ventilation balsam Jordan (IN ARABIC) oct.1991
