

MEMORANDUM OF COLLABORATION BETWEEN THE MEMBERS OF THE MAPEC NETWORK

The MAPEC Project

MAPEC is a project involving Jordanian and Syrian universities and European universities and companies. The main objective of MAPEC is to assist Jordanian and Syrian universities in improving capacities on environment (e.g. water management, wastewater treatment, efficient use of energy) and climate change issues, in order to provide a high quality education for Jordanian and Syrian students. This program has been designed with the collaboration of the European partners involved in the project.

The specific objectives of MAPEC are:

- To establish and credit a Master Course following the Bologna requirements.
- To train professionals so that they can evaluate local situations and provide economic and environmentally friendly engineering solutions to environmental and climatic change issues.
- To join companies, universities and public administrations.
- To share knowledge in environmental technologies and climate change issues and to promote the increase of the use of these technologies in organisations.

The MAPEC Network

In the scope of the project a MAPEC Network was established. The aim of MAPEC Network is:

- To facilitate exchange of good practises between the members through the MAPEC portal and twinning procedures in order to promote transfer of knowledge between its members;
- To encourage the submission of common proposals and development of projects between the members of the network;
- To assist in the establishment of MAPEC master course;
- To enable the students to make their practical placement by the suitable companies.

The MAPEC benefits

The benefits for the MAPEC Network members are:

- The exchange of good practises between the members through the MAPEC portal and twinning procedures in order to promote transfer of knowledge among its members;
- To access to a transnational forum of discussion in environmental and climate change issues;
- To be able to participate in common actions between the members of the MAPEC Network, such as: seminars, submission of proposals and development of projects, submission of publications in scientific journals and scientific conferences.

Membership:

(NAME OF THE ORGANISATION REPRESENTATIVE), in representation of the undersigned organisation, declare a commitment to the above mentioned principles on becoming member of the MAPEC Network.
