

EGREEN Newsletters

Issue 5
April 15, 2019

Development of Environmental Engineering Courses And Injection Of Climate Change Concept For Undergraduate Curriculum

Project Facts

Type: Erasmus+ Programme

Grant Holder: The University of Jordan (UJ)

Duration: 3 Years

Start Date: 15 October 2016

Subject Area: Environment and Climate Change

WELCOME TO THE EGREEN PROJECT

Welcome to the fifth issue of our Project Newsletter, providing you with the latest updates on EGREEN Project progress!

The newsletter contains information of what we have accomplished on the project, what we are working on now, what we plan to work on next and how the project is going in general. We also want to provide insight into the different aspects of the cooperation between the different Partner Universities. We hope you will enjoy reading this issue!

Sixth steering Committee Meeting in Dead Sea

The Sixth steering committee meeting for EGREEN Project was held on December 18-20, 2018 in Dead Sea - Jordan. It was attended by 37 representatives from different project partners including Jordan, Syria, Portugal, Austria, and Germany.

The Steering Committee discussed the status and the work plan of the project activities. The meeting focused on the discussion and presentation of the tasks and activities of the work packages, also on the action plan for their implementation. Implementation of the suggested courses were discussed by each course leader and the technical Committee.

During the sixth steering committee meeting four parallel training workshops were held. The workshops covered the following topics:

- Environmental Monitoring Systems.
- Energy Efficient Buildings – Passive measures in different climates
- Thermal building simulation
- ELearning in the Egreen Project

EGREEN info day in Mutah University (01/11/2018)

EGREEN info day was held on November, 1st 2018 in Mutah University. The info day was aimed to increase the student awareness of the object of the Egreen project and the significant of climate change.

A Training workshop in Al-Zaytoonah University of Jordan

A training workshop was held in Al-Zaytoonah University of Jordan on Monday December 17, 2018. It was attended by 20 faculty members and students from Al-Zaytoonah University of Jordan and Jordan University of Science and Technology.

The training workshop was focused on the following:

- Introduction to thermal building simulation (building physics, energy flows in the building, energy balances, simulation modules, boundary conditions)
- Introduction to Energy Plus with Google Sketch up and Open Studio

A Training workshop in Al al-Bayt University

A training workshop was held in Al al-Bayt University on Monday December 17, 2018. It was attended by 60 faculty members and students from Al al-Bayt University. The training workshop was focused on Learning student about e-learning for Climate change courses.

Dissemination Activity

Presentation of the Reference Model for the EGreen e-learning courses by Prof. Eduardo Luís Cardoso. Paris, Cnam, 7-9-11, 2018.

Deep Diving into Erasmus+ Capacity Building in the Field of Higher Education Proposal Writing Workshop.

This workshop was held on November 22, 2018 in School of International Studies\ The University of Jordan.

Regional Energy Workshop, January 29, 2019 in Dead Sea area.

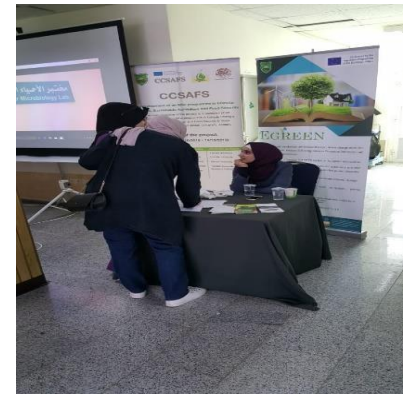

final conference of the Erasmus plus project “METHODS”, March 7, 2019 in The University of Jordan.

final conference of the Erasmus plus project “DESIRE”, March 28, 2019 in Aqaba.

Scientific Day at University of Jordan, April 4, 2019.

Workshop of " local contribution document within paris agreement of climate change", 18/10/2018.

The National Environmental Day on 6/12/2018, Syria.

National Workshop of Food Safety in Latakia, 12/1/2019.

Celebrating of Teachers Day on Thursday 21/3/2019 in Tishreen University.

first Engineering Conference for Master Student in Tishreen University, Latakia on 26-27/3/2019

Upcoming Meetings

The seventh steering committee meeting will take place in Hamburg University of Technology in Germany during the period from 27th to 28th June, 2019. The meeting will be held to discuss and follow-up the project deliverables.
