

Name: Prof. Ahmad Mufid Subuh

Date and place of birth: Damascus 25/2/1959

Marital status: married with two boys and a girl

Email address: [president@albaath-univ.edu.sy](mailto:president@albaath-univ.edu.sy)

### **Education and work history:**

- PhD in Veterinary with excellent degree , Al Baath University, 1993.
- Teacher Assistant at the department of biochemical and nutrition, Faculty of Veterinary Medicine, Al Baath University, 1984.
- PhD in the Philosophy of Veterinary Sciences , Biochemical and animal nutrition, animal nutrition, Liverpool, England ,1992
- Lecturer in the Faculty of Veterinary Medicine, Al Baath University, 1993
- Assistant Professor at the Faculty of Veterinary Medicine, Al Baath University,2000
- Professor at the Faculty of Veterinary Medicine from 2005 up till now.
- Researcher in the field of Poultry and animal nutrition and metabolism in sheep, cows and camels. Some researches were published and others are still under publication in Al basil Journal for Agricultural Sciences, Al Baath University Journal, Arab Journal for agricultural researches , American Poultry Journal, British Journal for Animal Production, Dutch Animal Feed Journal and Technology and Arab League Journal for Arid Environments, etc...
- Veterinarian in the Agriculture Ministry, Virus department from 1983-1984.
- Consultant for the biggest companies that are specialized in animal and poultry nutrition and production of Concentrates, Albraimaxat and food diets ,1998 -2008.
- Expert in project management, planning and evaluation, and moderation, and simultaneous translation from English into Arabic for the German project GTZ and Japanese project JICA from 1993 till 1997 and from 2000 till 2006, respectively.
- Member of the scientific committee for the veterinarian Journal , Lebanon, 1997-2000.
- Member of the scientific committee for the medical magazine, Safco, Damascus, 2005 up till now.

- Contracting nutrition expert at the Arab Center for the Studies in Arid Zones and Dry lands (ACSAD) from 2005 till 2009, working in livestock management, carrying out researches in the field of nutrition, sheep, goats and camels, supervising the nutrition programs for Awassi sheep and Shami goats in the center stations, participating in the center workshops and nutrition training (nutrition problems and metabolic disturbances) and preparing some of the projects and studies.
- Member of the scientific committee for the veterinarian Journal, Syria, 2003 up till now.
- Member of the scientific committee for Syrian poultry journal from 2003 till 2006.
- Editor of Al Baath University Journal that includes different series (basic sciences, humanities, medical and engineering).

### **Scientific management qualifications:**

- Al baath University vice president for scientific researches and higher studies.
- Chairman of the scientific researches and higher studies council in Al Baath University, 2008.
- Member of Al baath University council ( vice president),2008.
- Member of higher education council in the Ministry of Higher Education,2010.
- Member of the higher commission for scientific research in Syria,2008.
- Member in the council of scientific research committee in the ministry of higher education,2008.
- Member in the national committee for the scientific curricula development in the ministry of higher education.
- member in the scientific certificate equation committee in the ministry of higher education,2008.
- Board member in the national center for the distinguished in Homs, 2008.
- Supervisor on the biotechnology Center, Al baath University,2008.
- Member of the Syrian- Iranian joint committee, 2008.
- President of the Animal Production department.
- Vice president for the scientific affairs at the Faculty of Veterinary Medicine from 2003 till 2004.
- Manager of the Central Laboratory for chemistry and molecular biology researches from 2000 till 2008.
- Supervisor on the faculty, videos and Montage libraries from 1995 till 2007.
- Supervisor on the computer and courses for professors and, 1994.
- Member in the committee of organizing conferences from 1993 till 2008.
- Member in the committee of teaching methodology and means and committee of exam automation from 1994 till 2008.
- Head of faculty teachers association and member of teachers association office, 1995-2000.

### **Languages:**

Arabic and English: Excellent

French: intermediate

### **Scientific organizations and associations:**

- Member in the British Society of Animal Production
- Member in the British Association for Nutrition
- Member in the British Laboratory Animal Association
- Member in the Arab Center for the Studies of Arid Zones and Dry Lands, Syria- ACSAD

### **Conferences, symposiums, workshops and training courses:**

- Participating in Animal Production conferences ( 1989, 1990,191,1992) , Scarpar, England, which are annually organized by British Association for Animal Production.
- Participating in the conference of the teaching staff for veterinary medicine and researchers, Scarpa, England, 1991-1992.
- Participating in training course on moderation techniques, organized by GTZ in Amman – Jordan 1995.
- Participating in a regional course on animal production, which was organized by FAO and GTZ and held in Damascus, 17-17 September 1997.
- Participating as a consultant in the international symposium on the animal production organized by ICARD , held in Aleppo, Syria 12-17 November 1997.
- Attending training course in the field of food sciences and techniques and laboratory analysis by using HPLC, GC devices, making a scientific visit to the universities and bodies in England that lasted about 37 days between 16-7-1996 and 23/8/1996 at the expense of the German project GTZ and attending similar courses in 2001 by the British cultural center scholarship.
- Following up training courses in nutrition sciences , food mixtures design and marketing methods, which were organized by the American Soybean Association in cooperation with the company, Brill, 22-25/3 / 2000 ICARDA - Syria, 2001 and 2002 Amman - Jordan, Beirut in May 2001.
- Participating in the international conference on using soybean in humans and animals and the composition of mixtures and Poultry Diseases, organized by the American Soybean Association,9-11 September 2001,Istanbul - Turkey.
- Attending training course in marketing sciences and management organized by American Soybean Association in July 2003 Amman – Jordan.
- Participating in the symposium of organic food production, organized by the Faculty of Agriculture- Aleppo University in March 2003.
- Attending course on risks management in food ( analyzing risks and critical control points – HACCP) by Dr. Hani Almzidi of Kuwaiti Institute for the scientific researches in cooperation with the Faculty of Veterinary Medicine, Al baath University, in April 2004.
- Participating as a researchers in the Syrian- Lebanese symposium on animal production by presenting researches on poultry feeding.
  - Participating as a researcher in the symposiums on animal and poultry nutrition , organized by the ministry of higher education in the Faculty of Veterinary Medicine from 1994- 1999 .
  - Scientific supervision and arrangement and participating as a researcher in the poultry health symposium at the Faculty of Veterinary Medicine in cooperation with Arab councils of scientific research and ministry of higher education.
  - Participating as a researcher in the symposium organized by the Syrian informatics society in cooperation with the Faculty of Veterinary Medicine and some international organizations, in the field of veterinary Medicine, agriculture and animal protection on 3/4/2004.That is by presenting subjects on informatics techniques in poultry nutrition.
  - Attending two courses in the field of project management and evaluation and Moderation Techniques, which were held by GTZ in English Language in Jordan, 1997.
  - Participating in the production of organic food symposium held by the Faculty of Agriculture - Aleppo University in March 2003.
  - Following up a training course in food risk management( risk analysis and critical control points - HACCP) held by Dr. Hani Al Mazeedi of Kuwait Institute for Scientific Research in collaboration with the Faculty of Veterinary Medicine in Al Baath University, Syria, in April 2004.
  - Participating as a researcher at the Syrian - Lebanese symposium on animal production, Beirut 29-30 / 5/1998, by submitting researches on poultry nutrition.
  - Participating as a researcher in the symposiums of animal and poultry nutrition, which were organized by the Ministry of Higher Education at the Faculty of Veterinary Medicine.
    - Scientific arrangement and supervision as well as participating as a researcher in the health symposium on poultry in the Arab world, which was held at the Faculty of Veterinary Medicine on 10-12 October 1999 in collaboration between the Union of Arab Scientific Research Councils and the Ministry of Higher Education.
    - Participating as a researcher at a symposium held on informatics applications in poultry nutrition in the field of veterinary, agriculture and animal protection and organized by the Syrian Computer Society in cooperation with the Faculty of Veterinary Medicine and some international organizations on 1-3/4/2000.

That is by providing a topic about IT applications in poultry nutrition. - Following two courses in the field of project management and evaluation and Moderation Techniques, which were held by the German GTZ in English Language in Jordan in 1997.

- Fulbright scholarship (1998-1999) that is granted to the researchers by the United States of America ,University of Arkansas, Center of Excellence for Poultry Science, with carrying out many researches in poultry nutrition and taking courses in the field of Food Analysis, technologies and laboratory analysis using the devices HPLC, GC and Mass spectrophotometer, and courses in statistical and administrative analysis, in addition to the scientific visit to universities and bodies in different states (Florida - Texas - Kansas - Oklahoma - Georgia), 2004.
- Participating as a researcher with a lecture on food additives and hormones in the Science Week, held by the Ministry of Higher Education at Tashreen University on 5-11/11/2000, Latakia - Syria.
- Participating as a researcher in the seventh scientific veterinary conference on the role of veterinary medicine in the development of livestock and consumer health protection held by the University of Zagazig in Sharm el-Sheikh – Musrmen, 21-23/7/2004.
- Organizing the Second International Symposium on ruminants diseases and feeding, which was held at the Faculty of Veterinary Medicine on 14-16 December 2004.
- Organizing and participating in the Second World Conference of Poultry Diseases, which was held in the Faculty of Veterinary Medicine, Hama, Syria ,20-23/10/2003.
- Participating as a lecturer in the training course on the developments and technology transfer in small ruminants in the Middle East, which was held in cooperation between the Arab Center for the Studies of Arid Zones and Dry lands (ACSAD) and the Food and Agriculture Organization (FAO), Damascus, Syria, 1-11 February 2007
- Participating as a lecturer in the symposium entitled " manufacturing granulated feed for animals and poultry "organized by Abu Dhabi plant for feed and mills in Damascus in December 2004.
- Participating as a lecturer in the symposium on amino acids in animal feed and poultry, organized by the German company Degussa in April 2005, Sharm el-Sheikh, Egypt.
- Participating in the International Workshop on the future of agricultural production, both animal and agricultural, in the Arab region, which was organized by the German Academic Services and BMZ in September 2005 at Al baath University - Syria.
- Taking a training course in Marketing and Management Sciences held by the American Soybean Association in July 2006, Damascus ,Syria.
- Organizing the Third International Conference on poultry, which was held at the Faculty of Veterinary Medicine on 22-25 April 2006.
- Participating in training courses held by the German GTZ project as a lecturer in nutrition sciences and resulting metabolic disorders and problems in animals.
- Member in the second Syrian - Egyptian Food and Agriculture scientific conference held in Baath University, Syria, 25-28 April 2005.
- Participation in the international conference on the use of soybean in humans and animals as well as the composition of mixtures and Poultry Diseases, organized by the American Soybean Association in September 2006, Cairo - Egypt.
- Member of the Exhibitions and organizing Committee for the Food Safety Conference first held in Baath University - Faculty of Veterinary Medicine – Syria, 23-25 April 2007.
- Participating in a workshop on improving the income of smallholder farmers by increasing the fodder production, which is organized by ICARDA in collaboration with Ifad in September 2007, Homs - Syria.
- Member of the exhibitions and organizing Committee and participant in the first Conference on vital Security and preventive medicine held in Baath University - Faculty of Veterinary Medicine - Syria on 23-25 April 2008.
- Participation in the Symposium on Poultry Nutrition and metabolic diseases held by the American Soybean Association in May 2008 Amman - Jordan.
- Participating as a member of a scientific committee and a lecturer at a feed symposium organized by both animal production departments at the Faculty of Agriculture and the Faculty of Veterinary Medicine in Al Baath University in May 2008.
- Following a training course in the scientific projects evaluation system (eval) organized by the German Technical Cooperation Agency (GTZ) in 23-30 June 2008 Amman - Jordan.

- Participating in a workshop on biotechnology (enzymes - vitamins and Albraimaxat) organized by Ladsous company in Paris – France, 15-19 November 2008
- Participation in a workshop on biotechnology (amino acids) and the International Exhibition of Agriculture, organized by Degussa in Hannover - Germany ,11-14 November 2008
- Participation in the Fourth International Conference of poultry which was held at the Faculty of Veterinary Medicine on 20-22 April 2009.
- Participating as a researcher in the Tenth Scientific Conference ( The Second International Conference) about the current challenges and future aspirations of Veterinarian (towards one world and health) held by the University of Cairo in Hurghada – Egyp, 18-22/10/2009.
- Participating in the forty-ninth Science Week on the solid waste and environment protection, which was organized by the Ministry of Higher Education in Al Baath University, Homs, Syria, October 2009.
- Participating as a consultant and researcher at the International Conference on the scientific research strategies in the universities of the Islamic world, "Present and Future", which was held in the International Islamic University (IIUM) in Kuala Lumpur – Malaysia, 6-8/7/2010.
- Giving lectures at many symposiums held by some international and local organizations such as GTZ-FAO-SPANNA-ASA-JICA-ACSAD-ICARDA and Syrian Veterinary Medical Association.
- Participating in the arbitration of many Masters and PhDs theses.
- Visiting research and scientific centers (technological) in Iran
- Participating as a member in the Syrian Sports and Medical Committee for the horses and races that are involved, such as endurance race for long distances and others.
- Participating in editing the veterinarian journal issued in Lebanon since 1997-2001.
- Participating as a member of a scientific committee in the Syrian poultry Journal, the veterinarian journal and the scientific journal ( Safco).
- Editing Al-Baath University journal that includes different series (basic sciences, humanities, medical and engineering).

### **Consultancies:**

- Scientific consultancy in the relationship between nutrition and mad cow disease, BSE, Ministry of Agriculture,1995 .
- Scientific consultancy in developing the indicative dissertations in the field of animal production ,German agency project GTZ, Damascus, 1994-1997.
- Scientific consultancy in developing the faculty curricula, German agency project GTZ ,Faculty of Veterinary Medicine,Hama,1994-1997 .
- Scientific consultancy in the poultry and animal feed, breeding, manufacturing Albraimaxat and concentrates and fodder, poultry metabolic diseases, pharmaceutical industries and vaccines,private sector, 1997 up till now.
- Scientific consultancy in animal production projects in Syria and some Arab countries such as Jordan - Lebanon - Qatar - Yemen - Kuwait - Saudi Arabia and Sudan, private sector .
- Scientific consultancy to the International Center for Agricultural Research in the Dry Areas (ICARDA), 1994 - 1997.
- Scientific consultancy in different types of feed additives (enzymes, antibiotics, enzymes vitamins, minerals, etc.) ,Ministry of Agriculture , 2003 .
- Scientific consultancy in the problems of nutrition and metabolic disorders in ruminants, Arab Center (ACSAD), 2004- 2007.
- Scientific consultancy in the commercial and local poultry breeding system ,Food and Agriculture Organization - FAO in Syria, 2007.
- Contracting consultant to the Arab Center (ACSAD),2005 - 2009
- Consultant( in nutrition, mycotoxins and feed tables) to the Syrian Organization for Standardization and Metrology in 2008
- Scientific consultancy in the area of feeding fish and composing appropriate feed mixtures , General Authority for Fish Resources, 2010
- Supervision on MA and PhD theses.

### **Scientific publications and references:**

- A book in theoretical and practical biochemistry.
- A book in animal nutrition theoretical and practical.
- A book in practical animal nutrition.
- Co-author of cow diseases reference.
- Co-author of horse diseases reference.
- Co-author of English scientific reference.

### **Informal Papers:**

Many unpublished researches in lots of scientific meetings including:  
Meetings held in the union for research and teaching staff in Britain ,the Faculty of Veterinary Medicine in Hama, Veterinary Medical Association, Agricultural Engineers Association, some Arab and Syrian universities, international organizations such as (FAO, GTZ, ICARDA, ACSAD, SPANA, ASA) etc., some international food and fodder companies and private sector companies and private sector companies.

### **Awards and Appreciation Certificates :**

- Certificate of Appreciation from the British Queen in recognition of superiority in English over other foreign students in Britain, 1989
- U.S. Fulbright scholar,1998 - 1999
- Certificate of Merit, Arab Center for the Studies of Arid Zones and Dry Lands – ACSAD,1998
- Certificate of Appreciation, American University of Arkansas, 1999
- Certificate of Merit, Al baath University, 1999
- A scholarship from the British Council for a month in 2001
- Certificates of appreciation from the Faculty of Veterinary Medicine - Baath University in 2000-2009
- Certificate of Merit from the Faculty of Veterinary Medicine, University of Cairo in 2009
- Certificate of Merit from the Veterinary Medical Association branches in the Syrian governorates for the year 2003-2009

### **Interests:**

Reading, computer and some sports such as swimming, football, walking and playing chess
