Jordan is a Low-middle income country (LMIC) with an aim to foster collaborations in various research aspects with other LMICs or developing countries aiming at gaining knowledge and capacity building. In the academic year 2022-2023 IU published a total of 474. In collaborations, 61.5% of our research output in 2022-2023 were based on collaborations with other LMICs such as **Egypt, Tunisia, and India**.

In total we had 150 collaborations, out of them several countries are part of LMIC as can be seen from the Scopus Database.
