

## 17.1.2 Partnerships for the goals: publication

As a representative of LMIC in the middle east, most of our publications are targeted at LMIC challenges. Attached is a link to our publications in the Scopus database, which is also made in collaboration with other LMICs regionally and internationally. In total 1,156 publications Scopus data base distribute them according to SDG (<u>Sign in (elsevier.com)</u>). The diagram below shows that 320 of Scopus listed publications are related to SDG17, which represents 27.7% of total publications. Highlighting our commitment to partnership for the goals.

	New: See at one glance Sustainable Development Goals mapped to this organisation Sustainable Development Goals (SDGs) are specific research areas that are helping to solve real-world problems. Elsevier data science teams have built extensive keyword queries, supplemented with machine learning, to map documents to SDGs with very high precision. Times Higher Education (THE) is using Elsevier SDG data mapping as part of its Impact Rankings. More about SDGs 7
