

SDG3: GOOD HEALTH AND WELL BEING

3.1 Research on health and well-being

3.1.1 Good Health and Well-being: paper views

Isra University has been promoting good health and well-being ever since its been established through rigorous research in various health disciplines. In year 2023, the total number of published documents in all subjects (disciplines) carrying the affiliation of Isra University was **474 documents**. Of them, the number of documents associated with good health and wellbeing was **152 documents**. This number was retrieved from the total number of published documents after filtering for the following subjects combined: medicine, biochemistry, genetics, and molecular biology, nursing, pharmacology, toxicology and pharmaceuticals, health professions, psychology, neuroscience, immunology, microbiology and dentistry. The individual titles and abstracts for the 152 documents were examined to ensure they were all health-related, of them 32 documents were excluded, this left **120 documents**. Of the 120 documents, **84 documents were cited**. Captures (readers) for each of the documents and the FWCI according to Scopus metrics for each article are provided in Appendix 7. The documents associated with good health and wellbeing are summarised in the following table.

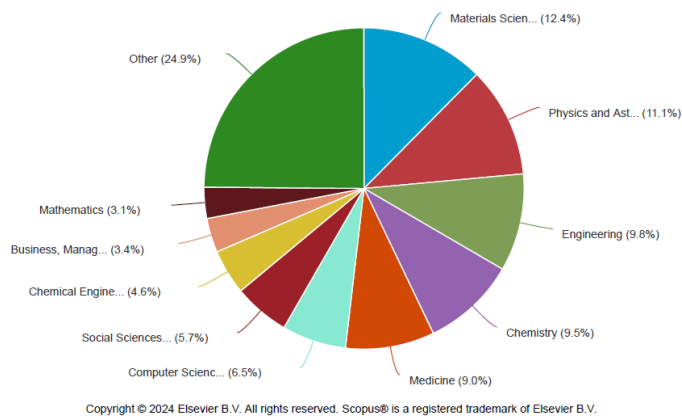

Subject Area	Number of Documents	% of Documents by Subject
Materials Science	123	12.4
Physics and Astronomy	110	11.1
Engineering	97	9.8
Chemistry	94	9.5
*Medicine	89	9.0
Computer Science	64	6.5
Social Sciences	56	5.7
Chemical Engineering	45	4.6
Business, Management and Accounting	34	3.4
Mathematics	31	3.1
Decision Sciences	29	2.9
*Biochemistry, Genetics and Molecular Biology	28	2.8
Environmental Science	26	2.6

Subject Area	Number of Documents	% of Documents by Subject
*Nursing	26	2.6
*Pharmacology, Toxicology and Pharmaceutics	25	2.5
Energy	22	2.2
*Health Professions	17	1.7
Arts and Humanities	14	1.4
Economics, Econometrics and Finance	13	1.3
Multidisciplinary	12	1.2
*Psychology	9	0.9
*Neuroscience	8	0.8
Agricultural and Biological Sciences	7	0.7
Earth and Planetary Sciences	6	0.6
*Immunology and Microbiology	3	0.3
*Dentistry	1	0.1

* Subjects considered associated with good health and wellbeing. Data obtained from Scopus.
