

- 6- Increased the percentage of online courses and hybrid courses to reduce traffic and hence reduce environmental impact as transportation is a major carbon dioxide emitter and in line with the Ministry of Higher Education and Research (MoHR). Online courses increased over the 2022-2023 period to align with the MoHR. This will contribute to a reduction in carbon dioxide emissions. The university used Thursdays for online and hybrid courses and therefore, students will not need to come to the university on Thursdays, Fridays and Saturdays.

Percentage of Electronic and Hybrid Course at Isra University 2022/2023

- 7- We conducted a virtual conference in collaboration with Malaysia “The 4th International Conference of Accounting and Management (ICAM2022) under Scopus in collaboration with the university of MARA in Malaysia from 21-22 of Sept 2022 under the title: The Business and Accounting Landscape in Pandemic – Altered World. That offered an opportunity to connect with large audiences without travel hence reduce carbon dioxide emissions.
- 8- We switched to LED bulbs to reduce the required energy for lighting which reduced energy consumption by 50% and provided guidelines to make sure the lights are off when they are not in the offices and their computer screens are on screen saver mode.
- 9- We at IU put a goal to focus on quality and sustainability in all our purchases and contracts. On an annual basis contracts are revised for any violations.
- 10- All our solid waste is contracted with a company that recycles the waste. One example is where we trade wastepaper for a recycling company in a trade with new recycled paper.

Universiti Teknikal Malaysia Melaka
Universiti Pendidikan Sultan Idris
Universiti Kuala Lumpur

PUBLICATION OPPORTUNITIES
ICAM2022 provides publication opportunities for all accepted abstracts in the conference e-proceeding (with e-ISSN). Selected papers will be recommended for publication in SCOPUS/WoS/ERA Indexed journals, subject to the terms and conditions of the journals. EXTENDED accepted papers will be sent to other relevant journals by M/Cs, subject to acceptance for publication by the journals. Any additional costs pertaining to journal publication is the responsibility of the author(s). The proposed indexed journals are:

- Asian Journal of Accounting Research (Scopus)
- International Journal of Economics & Management (SCOPUS, Q3)
- Academy of Strategic Management Journal (SCOPUS, Q3)
- Jurnal Pengurusan (SCOPUS, Q3)
- Management and Accounting Review (SCOPUS, Q4)
- Asian Academy of Management Journal of Accounting and Finance (SCOPUS, Q4)
- Asian Journal of Business and Accounting (SCOPUS, Q4)
- International Journal of Accounting & Finance (SCOPUS, Q4)
- Humanities and Social Science Letters (SCOPUS, Q4)
- International Journal of Financial Research (IFRA)
- Asia-Pacific Management Accounting Journal (ESCI-WoS)
- Asian Journal of Accounting & Governance (ESCI-WoS)
- Environment Behaviour Proceedings Journal (ESCI-WoS)
- Asian Journal of Accounting Perspectives (M/Cs)
- ESTEM Journal of Social Sciences and Humanities (M/Cs)
- Journal of Business Management and Accounting (M/Cs)

IMPORTANT DATES

Extended Abstract	15 March 2022
Final Acceptance Notification	30 March 2022
Full paper submission	15 May 2022
Full Paper (earnings ready)	1 July 2022
Final registration & payment	22 August 2022
Conference date	21 & 22 September 2022

EXTENDED ABSTRACT & FULL PAPER GUIDELINE
Authors are required to submit an extended abstract of 300-400 words via <https://redes.info/ICAM2022> highlighting the area of interest together with the explanation of the objective of the study, problem statement, research design, results, and contribution of the study.

For further information on the full paper please visit the conference website: <https://icam.utem.edu.my/Malay2022/>

CONFERENCE FEE
Conference Fee is inclusive of online workshop, e-Proceeding (e-ISSN) and e-Certificate.

Virtual Conference	
Presenter	Non-student: RM400.00 / USD200.00 Student: RM200.00 / USD100.00
Participant	RM150.00 / USD75.00
Additional paper	RM20.00 / USD10.00
Workshop	
Virtual	RM100.00 / USD50.00

Payment shall be made to Bendahara UTM's Bank Account as detailed below:

- Payable to: Bendahara UTM

- 11- All the chemical and organic waste is contracted through the Ministry of Health for sustainable disposal strategy.
- 12- We increased planting to increase the green space within the 300,000 m² campus.

Jordan is a country that has very limited water resources. Therefore, at IU treat wastewater we recycle wastewater and use it for irrigating the plant (we consume 16,000 m³ of water annually and the water treatment plant provided 6,000 m³) making 37.5% of water is recycled. In 2025 the plan is to invest in additional water treatment plants to purify water and to use for other purposes.
