

7.3 Energy use density

7.3.1 Indicator: Energy usage per sqm

Total energy used Total energy used in Gigajoule (GJ) for the year 2023 University floor space Floor space of the university buildings in square metre (m²) in 2023.

Total energy used (This includes both, energy generated by the university and energy purchased by the university such as fuel)

Total energy used during 2023	28, 209 kwh = 101.5 GJ
University floor space	31,990.29 m ²
	0.0032/GJ/m² / Year
