Jordan is a Low-middle income country (LMIC) with an aim to foster collaborations in various research aspects with other LMICs or developing countries aiming at gaining knowledge and capacity building. In the academic year 2024-2023 IU published a total of 488. In collaborations, **%73.6%** of our research output in 2023-2024 were based on collaborations with other LMICs such as **Egypt, Tunisia, and Iraq**.

In total we had 150 collaborations, out of them several countries are part of LMIC as can be seen from the Scopus Database.
